Casino War

Is a simple but exciting game. Ideal for a fun casino event.

It is played using a single standard deck of 52 cards, shuffled after each round.

The card values are as follows:

- 2 up to 10 = Face Value
- Jacks = 11
- Queens = 12
- Kings = 13
- Aces = 14

The dealer will invite each player to place their bet. Each player will place a bet on either 'War' or 'Tie'

'War' aim to beat the dealers card 'Tie' aim to match the dealers card.

Both the player and the dealer are dealt a single card face-up. If you have placed your bet on a 'Tie' and match the dealers card you win If you have placed your bet on 'War' whoever has the highest card wins.

In the event of a tie, the player may surrender and end the game, or go to war to continue play and settle the tie. If the player chooses to surrender, 1/2 of his Ante bet is returned. If the player chooses to go to war, his original bet is doubled and the War round begins.

War Play

The player and the dealer are both dealt 3 additional cards face down, which have no value, and a final face-up card.

Whoever has the highest final face-up card wins. In the event that both final face-up cards tie, the game is declared a push and the bets are returned.

Payouts

- 1) Winning Ante bets pay 1:1
- 2) Winning Tie bets pay 10:1
- 3) War raise bets pay 1:1, Ante bets are pushed.
- 4) Tie War raise bets pay 1:1, Ante bets are pushed.
- 5) Surrender returns 1/2 the Ante bet.
